[enzo.bacqueyrisses@gmail.com](mailto:enzo.bacqueyrisses@gmail.com)

Hello, I'm Enzo, a dedicated full-stack developer. I'm passionate about open-source projects, I specialize in Next.js and TypeScript development. My keen interest in the full-stack JavaScript ecosystem drives me to explore and create innovative solutions.

My latest personal project: [www.nextai.dev](http://www.nextai.dev)

## EDUCATION

01

### O'Clock: Fullstack Web Developer

2022 - Bordeaux, France | **Master of Science**

- Profound expertise in React and Next.js frameworks, leveraging advanced features and best practices to develop robust and scalable web applications.
- Proficient in optimizing PostgreSQL databases.

### Inseec: Data Analytics

2018 - Bordeaux, France | **Master of Science**

## WORK EXPERIENCES

02

2021 - 2023

### FULL-STACK DEVELOPER

**Freelance** - Bordeaux, France

- Independently managed and executed multiple full-stack Next.js projects, ensuring high-quality deliverables within set timelines.
- Collaborated closely with clients to understand their requirements, translating complex business needs into efficient and scalable software solutions.
- Proficiently developed responsive and dynamic user interfaces using Next.js 14 features (React Suspense, NextAuth 5, Server Actions), delivering seamless user experiences across various devices and platforms.
- Leveraged TypeScript to ensure type safety and enhanced development workflows.

2023 - 2023

### FULL-STACK DEVELOPER

**Buildspace** - San Francisco, USA

- Selected for a 6-week program (funded by Y Combinator, a16z) to build a innovative product in a tech community with experts from around the world ending with a 3-day demo weekend in San Francisco.

2021 - 2022

### SEO DEVELOPER

**MeSoigner** - Bordeaux, France

## PRINCIPLES
